KCA PLAYGROUND COMMITTEE

As you may have heard, the KCA Playground Committee has been working hard over the past year to raise money to purchase a new, state-of-the-art accessible playground for the new KCA school. The equipment has arrived, and now we are preparing to install the equipment.

The installation will happen during the week of Monday, November 21 to Friday, November 25th. To install it, we are looking for approximately 10 volunteers per day who would be willing to help install the equipment. We are asking for anyone who might be willing and able to donate whatever time they might have toward the installation.

If you are able to spare any time during that week, please let me know. All snacks, drinks and lunches will be provided for our volunteers.

Thanks you for your consideration. You can contact 678-5654; or at kacplayground@gmail.com to let us know your availability.
